Qualifications: I earned a Master of Science degree in Art Therapy from Florida State University in August 2010. I am licensed as a Louisiana Licensed Professional Counselor # 4891 with the Licensed Professional Counselor Board of Examiners, which is located at 8631 Summa Avenue, Baton Rouge, LA 70809 (Phone: 225-765-2515). I am licensed as a Tennessee Licensed Professional Counselor with the Mental Health Services Provider designation # 6818 with the Board for Licensed Professional Counselors, Licensed Marital and Family Therapists, and Licensed Clinical Pastoral Therapists, which is located at 665 Mainstream Drive, 2nd Floor, Nashville, TN 37243 (Phone: (615) 741-5735). I am a Board Certified Registered Art Therapist # 12-153 with the Art Therapy Credentials Board, which is located at 7 Terrace Way, Greensboro, NC 27403 (Phone: 336.482.2858).

Counseling Relationship: I view counseling as a process in which you, the client, and I, the Counselor, establish rapport and trust one another in order to explore the self, work as a team to explore presenting problems, develop solutions together, and work towards achieving goals to improve your quality of life.

Although our work may feel emotionally close, it is essential for you to realize that our relationship is a professional rather than personal one. I believe that you will be best served if our relationship remains focused on your concerns; therefore, our time together will be limited to the counseling services provided each week.

Areas of Focus: My focus at NOLA Art Therapy and Counseling is to provide counseling services for individuals with developmental, emotional, and/or behavioral disorders and their families. In addition to being licensed as a LPC in Louisiana and LPC/MHSP in Tennessee, I hold a national registration and board certification as an Art Therapist (ATR-BC#12-153).

Fees and Office Procedures: I accept insurance plans and self paying clients. All co-pays and service fees must be paid in full at the time of service. The payment can be made using cash, check, debit or credit cards (Visa, MasterCard, American Express, and Discover). The fee for counseling services will be discussed upon initial contact. Failure to give notice for any appointment not cancelled 24 hours in advance may result in a charge for the time reserved for you.

Services Offered and Clients (Persons) Served: I approach counseling from an eclectic perspective by drawing on various aspects of cognitive behavioral and psychodynamic methods to create a custom approach. I work with each individual client to create a treatment plan that

will utilize different techniques from various therapeutic methods to address the client's problems and needs. Some of the most common theories I use are cognitive behavioral, humanistic, solution focused brief therapy, and reality therapy. Art therapy is incorporated in the mental health services to enhance the therapeutic process. My counseling services are offered on an individual basis, couple, family, and group.

Code of Conduct: As a Counselor, I adhere to the Code of Conduct for practice as adopted by my licensing board. A copy of this Code of Conduct is available to you upon request. The ATCB oversees the ethical practice of art therapists and may be contacted with client concerns.

Confidentiality: I am required to abide by the professional practice standards for Licensed Professional Counselors and Louisiana Law. Therefore, material revealed in counseling will remain strictly confidential except for material under the following circumstances in accordance with state law: (1) The client signs a written release of information indicating informed consent of such release, (2) The client expresses intent to harm him/herself or someone else, (3) There is reasonable suspicion of abuse/neglect against a minor child, elderly person (65 or older), or a dependent adult, or (4) a court order is received directing the disclosure of information.

In the event of marriage or family counseling, material obtained from an adult client individually may be shared with the client's spouse/partner or other family member only with the client's permission. Any material obtained from a minor client may be shared with the client's parent or guardian.

Privileged Communication: It is my policy to assert privileged communication on behalf of the client and the right to consult with the client if possible, except during an emergency, before mandated disclosure. I will endeavor to let clients know of all mandated disclosures as conceivable.

Emergency Situations: In the event the client requires emergency mental health care between counseling sessions, he or she is advised to call 911 or report to the emergency room of a local hospital. For individuals in crisis in Jefferson Parish, please call Jefferson Parish Human Services Authority at (504) 832-5123. For individuals in Orleans, Plaquemines, and St. Bernard Parishes, please call the Metropolitan Crisis Response Team at (504) 826-2675.

Client Responsibilities: Honesty and effort are essential components to a successful therapeutic relationship; therefore, you, the client, are a full partner within the counseling/art therapy process. Clients are expected to follow NOLA Art Therapy and Counseling's policy for keeping appointments. In order for me to make any necessary adjustments toward your counseling experience, I ask you to indicate any suggestions or concerns. If at any time you feel that you would be better served by another mental health professional, I will help you with the referral process. If you are currently receiving services from another mental health professional, I expect you to inform me of this and grant me permission to share information with this professional so that we may coordinate our services to you.

Physical Health: Physical health can be an important factor in the emotional well being of an individual. If you have not had a physical examination in the last year; it is recommended that

you do so. As a routine part of the initial session, you will be asked the name of your physician and to list any medications that you are now taking.

Potential Counseling Risk: You should be aware that counseling poses potential risks. In the course of working together additional problems may surface of which you were not initially aware. Sometimes you may experience unwanted feelings such as sadness, anger, fear, guilt, and/or anxiety through the therapeutic process. If this occurs, please feel free to share the new concerns with me.
